

FIRST **ROBOTICS** **COMPETITION**

2018 FRESHMAN ORIENTATION **FIRST ROBOTICS** **COMPETITION (FRC)**

More than Just Robots

We call *FIRST* Robotics Competition the ultimate Sport for the Mind. Under strict rules, limited resources, an intense six-week time limit, teams of students are challenged to raise funds, design a team "brand," hone teamwork skills, and build and program industrial-size robots to play a difficult field game against like-minded competitors.

About FIRST

FIRST (For Inspiration and Recognition of Science and Technology) is the world's largest not-for profit organization that is devoted to engaging students to pursue limitless possibilities in STEM.
