

# Sponsorship Levels for FIRST Robotics Competition (FRC) Team 2068 – The Metal Jackets

Osborn Park High School \* 8909 Euclid Avenue, Manassas, VA 20110  
[www.metaljackets.org](http://www.metaljackets.org) \* [metaljackets2068@gmail.com](mailto:metaljackets2068@gmail.com)

## OUR MISSION

Our mission is to build a robot to meet the requirements of today's design while engineering tomorrow's future. We design with the community in mind to utilize the latest and greatest technology, to use innovative processes, and to demonstrate leadership while existing as a cohesive fluid team.

## OUR VISION

To create an interdisciplinary entourage of young scholars focused on utilizing **Science, Technology, Engineering, and Mathematics (STEM)** to nurture a unified team approach and to encourage individual contributions to embrace the competitive global future.

## WE BELIEVE

- Role models exist everywhere inclusive of parents, teachers, donors, scientists, engineers and the list goes on.
- Ingenuity is sparked by contributions & examples set forth by everyone that influences the lives of young minds.
- Dedication, success, failure, and repeated attempts for perfection are key to innovation.
- The future is bright and full of infinite possibilities that will coexist with the "IMAGINEERS" of this world.
- The Metal Jackets will seek new opportunities and continue to lead by example while searching for solutions to meet the challenges of FIRST.
- The Metal Jackets have been provided with opportunities of a lifetime to design, implement, and compete in this platform of robotics. We are truly humbled to have this amazing fortuity.

## Our History

FIRST Robotics Competition (FRC) Team 2068 *The Metal Jackets* was established in Manassas, Virginia at Osborn Park High School located in Prince William County.

The Metal Jackets were founded in 2007 as a STEM initiative for inspired students in the fields of science, technology, engineering, and mathematics. The Metal Jackets have competed in the FIRST Robotics Competition (FRC) for 10 years. They were named the Rookie All Star team of the year at the FIRST Robotics Competition World Championship in 2008. We play a significant role in our community by involving elementary and middle school students with our multiple FIRST LEGO League (FLL) Competitions. These events hosted by us offer elementary and middle school students the opportunity to explore hands-on robots and accomplish challenges determined by FIRST.

## Our Alumni

Through the program, students are able to continue their education after high school in a variety of STEM-related fields. Our team this year boasts 24 students, 10 mentors, and 5 teachers. Ten of our students are female which is not common in many high-level robotics programs. Our alumni have gone onto to many well-known colleges and universities such as:

Massachusetts Institute of Technology (MIT)	Dartmouth University
Columbia University	Carnegie Mellon University
Virginia Polytechnic Institute and State University (VA Tech)	John Hopkins University
Yale University	Stanford University
University of Virginia	George Mason University

As the students continue or complete their education, our alumni are interns or employees of many prestigious companies or organizations such as:

Visa	Orbital	NASA
Facebook	AirBnB	RetailMeNot
Boeing	Lockheed Martin	Micron Technology, Inc.

## ***Diamond Sponsor - \$2,500 and above***

- Sponsor added to team name and announced at all competitions and again during alliance selections
- Sponsor logo displayed on the robot
- Presentation/team update on request
- Sponsor logo displayed on the team competition banner and team exhibition display
- Sponsor logo and website link placed on Metal Jackets website home page and again on sponsor page with summary information
- Sponsor receives framed team picture, two team t-shirts, team accomplishment DVD, thank you letter, and a thank you letter from the team.

## ***Sapphire Sponsor - \$1,500 to \$2,499***

- Sponsor logo displayed on the robot
- Presentation/team update on request
- Sponsor logo displayed on the team competition banner and team exhibition display
- Sponsor logo and website link placed on Metal Jackets website home page and again on sponsor page with summary information
- Sponsor receives framed team picture, two team t-shirts, team accomplishment DVD, thank you letter, and a thank you letter from the team.

## ***Ruby Sponsor - \$1,000 to \$1,499***

- Presentation/team update on request
- Sponsor logo displayed on the team competition banner
- Sponsor logo, summary information, and website link placed on Metal Jackets website sponsor page
- Sponsor receives framed team picture, one team t-shirt, team accomplishment DVD, and a thank you letter from the team.

## ***Emerald Sponsor - \$200 to \$999***

- Sponsor logo, summary information, and website link placed on Metal Jackets website sponsor page
- Sponsor receives one team t-shirt, team accomplishment DVD, and a thank you letter from the team.

## How Can You Help Us?

Osborn Park High School \* 8909 Euclid Avenue, Manassas, VA 20110  
[www.metaljackets.org](http://www.metaljackets.org) \* [metaljackets2068@gmail.com](mailto:metaljackets2068@gmail.com)

## Sponsorship

There are many costs associated with running a FIRST® team. There are many levels of sponsorship opportunities. Our sponsorship levels are in this packet. Below is a list of specific items the team is fund-raising money for or looking for sponsors for, in addition to the general costs associated with running the team.

Item	Cost
Registration of Team	\$5,000
Team Trailer	\$3,000
Bus to Travel to Events (2 events)	\$2,000
Robot building materials	\$2,000
Large Rolling Toolbox	\$800
Pit Banners, Sponsor Banners	\$600
4'x8' aluminum sheets (4)	\$450
Saturday build season food	\$200

## Mentorship

A FIRST Robotics Competition (FRC) team is more than just building a robot. It is truly a well-rounded business that also builds a robot. So beyond material costs the team is also in need of mentors that could help in the following areas:

Mentor Needs	Role Description
CAD	Teach students on the team how to CAD
Marketing	Assist with team marketing and creating a team business plan
Travel Logistics	Organize the team travel to regional events
Writing	Assist the marketing and award sub-teams with team award submissions
Finance	Help students manage team funds and assist with fundraising
Programming	Work with the students to program the robot for competition
Graphic Design	Create banners, logos, team handouts, and t-shirts for competitions
Public Speaking	Teach the students how to speak in front of potential Sponsors and Judges
Mechanical	Help the students build a robot for competition
Electrical	Help students wire a robot for competition
Website	Teach students how to build and manage a website

As there is a place for everyone on our team, we can always use extra hands with lots of different expertise. If you or someone from your organization is interested in learning more, we are always looking for mentors to become part of our Metal Jacket family. We welcome anyone to come visit our shop and meet the team. Many of our mentors have been part of the original team from 2007 which certainly says a lot about how exciting, inspiring our team is.
